EXTERIOR AND INTERIOR DESIGN

# Company Overview

The Epic Interiors was established in 1990, a wide range of services which includes designing and decoration of residential and commercial premises. Sensitive to the needs of today's enterprises to manage and execute projects on a holistic basis, The Epic Interiors expanded its scope of activities to include turnkey projects along with complete designing or residential interior design, commercial interior design, floor planning, house renovation and modification and other architectural contracts. We take pride in declaring that in order to Carter works of creating marvelous and judicious interiors, we process all modern, hi-tech, and advanced methodologies and infrastructure.

We strongly believe that one happy customer leads to another. We have shruven to build a lasting relationship by keenly watching quality, cost-effectiveness and timelessness in its delivery.

What has kept us growing steadily so far is our attitude of dedication, honesty, and hard work with a view to keep up commitments. Today, Our growth has been all-round not only in terms of number and size of projects but also in terms of a diverse clientele which includes multinational organizations in varied industry verticals. Our sincere efforts have paid off well many of these esteemed organizations have rewarded our contribution with repeat orders, making The Epic Interiors a partner of choice in their journey to success. Besides business, such tasking confirms our achievements.

# Our Philosophy

Our design philosophy is based on the belief that the life inside of one's space should feel good in every sense. A well-designed space should embody an extraordinary design that is timeless while maintaining a striking interior that is unique, luxurious, functional, liveable, comfortable, and most importantly speaks the client's language. A space should reflect the personality of its occupants in a unified and well-tailored design that ebbs and flows in a well-balanced and harmonious rhythm throughout the entire domain. Finally, the space should rise to greet you. While we work in many diverse industry sectors, our consistent approach is always client oriented. We design spaces that enable our clients to thrive, create, evolve, and prosper.

## LISTEN

We listen to our clients in order to focus their wants and needs. We strive to understand our client's mission and to embrace their philosophy as our own. Listening enables us to prioritize our clients' goals and balance wants with needs.

## COLLABORATE

Design teams collaborate with each other and supporting consultants to explore design options and focus design concepts. Multiple perspectives are beneficial to our clients.

## E COMMIT

We are committed to our clients, our designs and each other. We believe that the key element behind our success is a continuous commitment to fulfil the client's needs. Remaining committed to our designs while respecting time and budgetary constraints enables 3 Square Studio to provide high quality design to our clients. Our commitment to excellence in client service is confirmed by this high percentage of repeat business.

# SERVICES OFFERED

## Residential Home

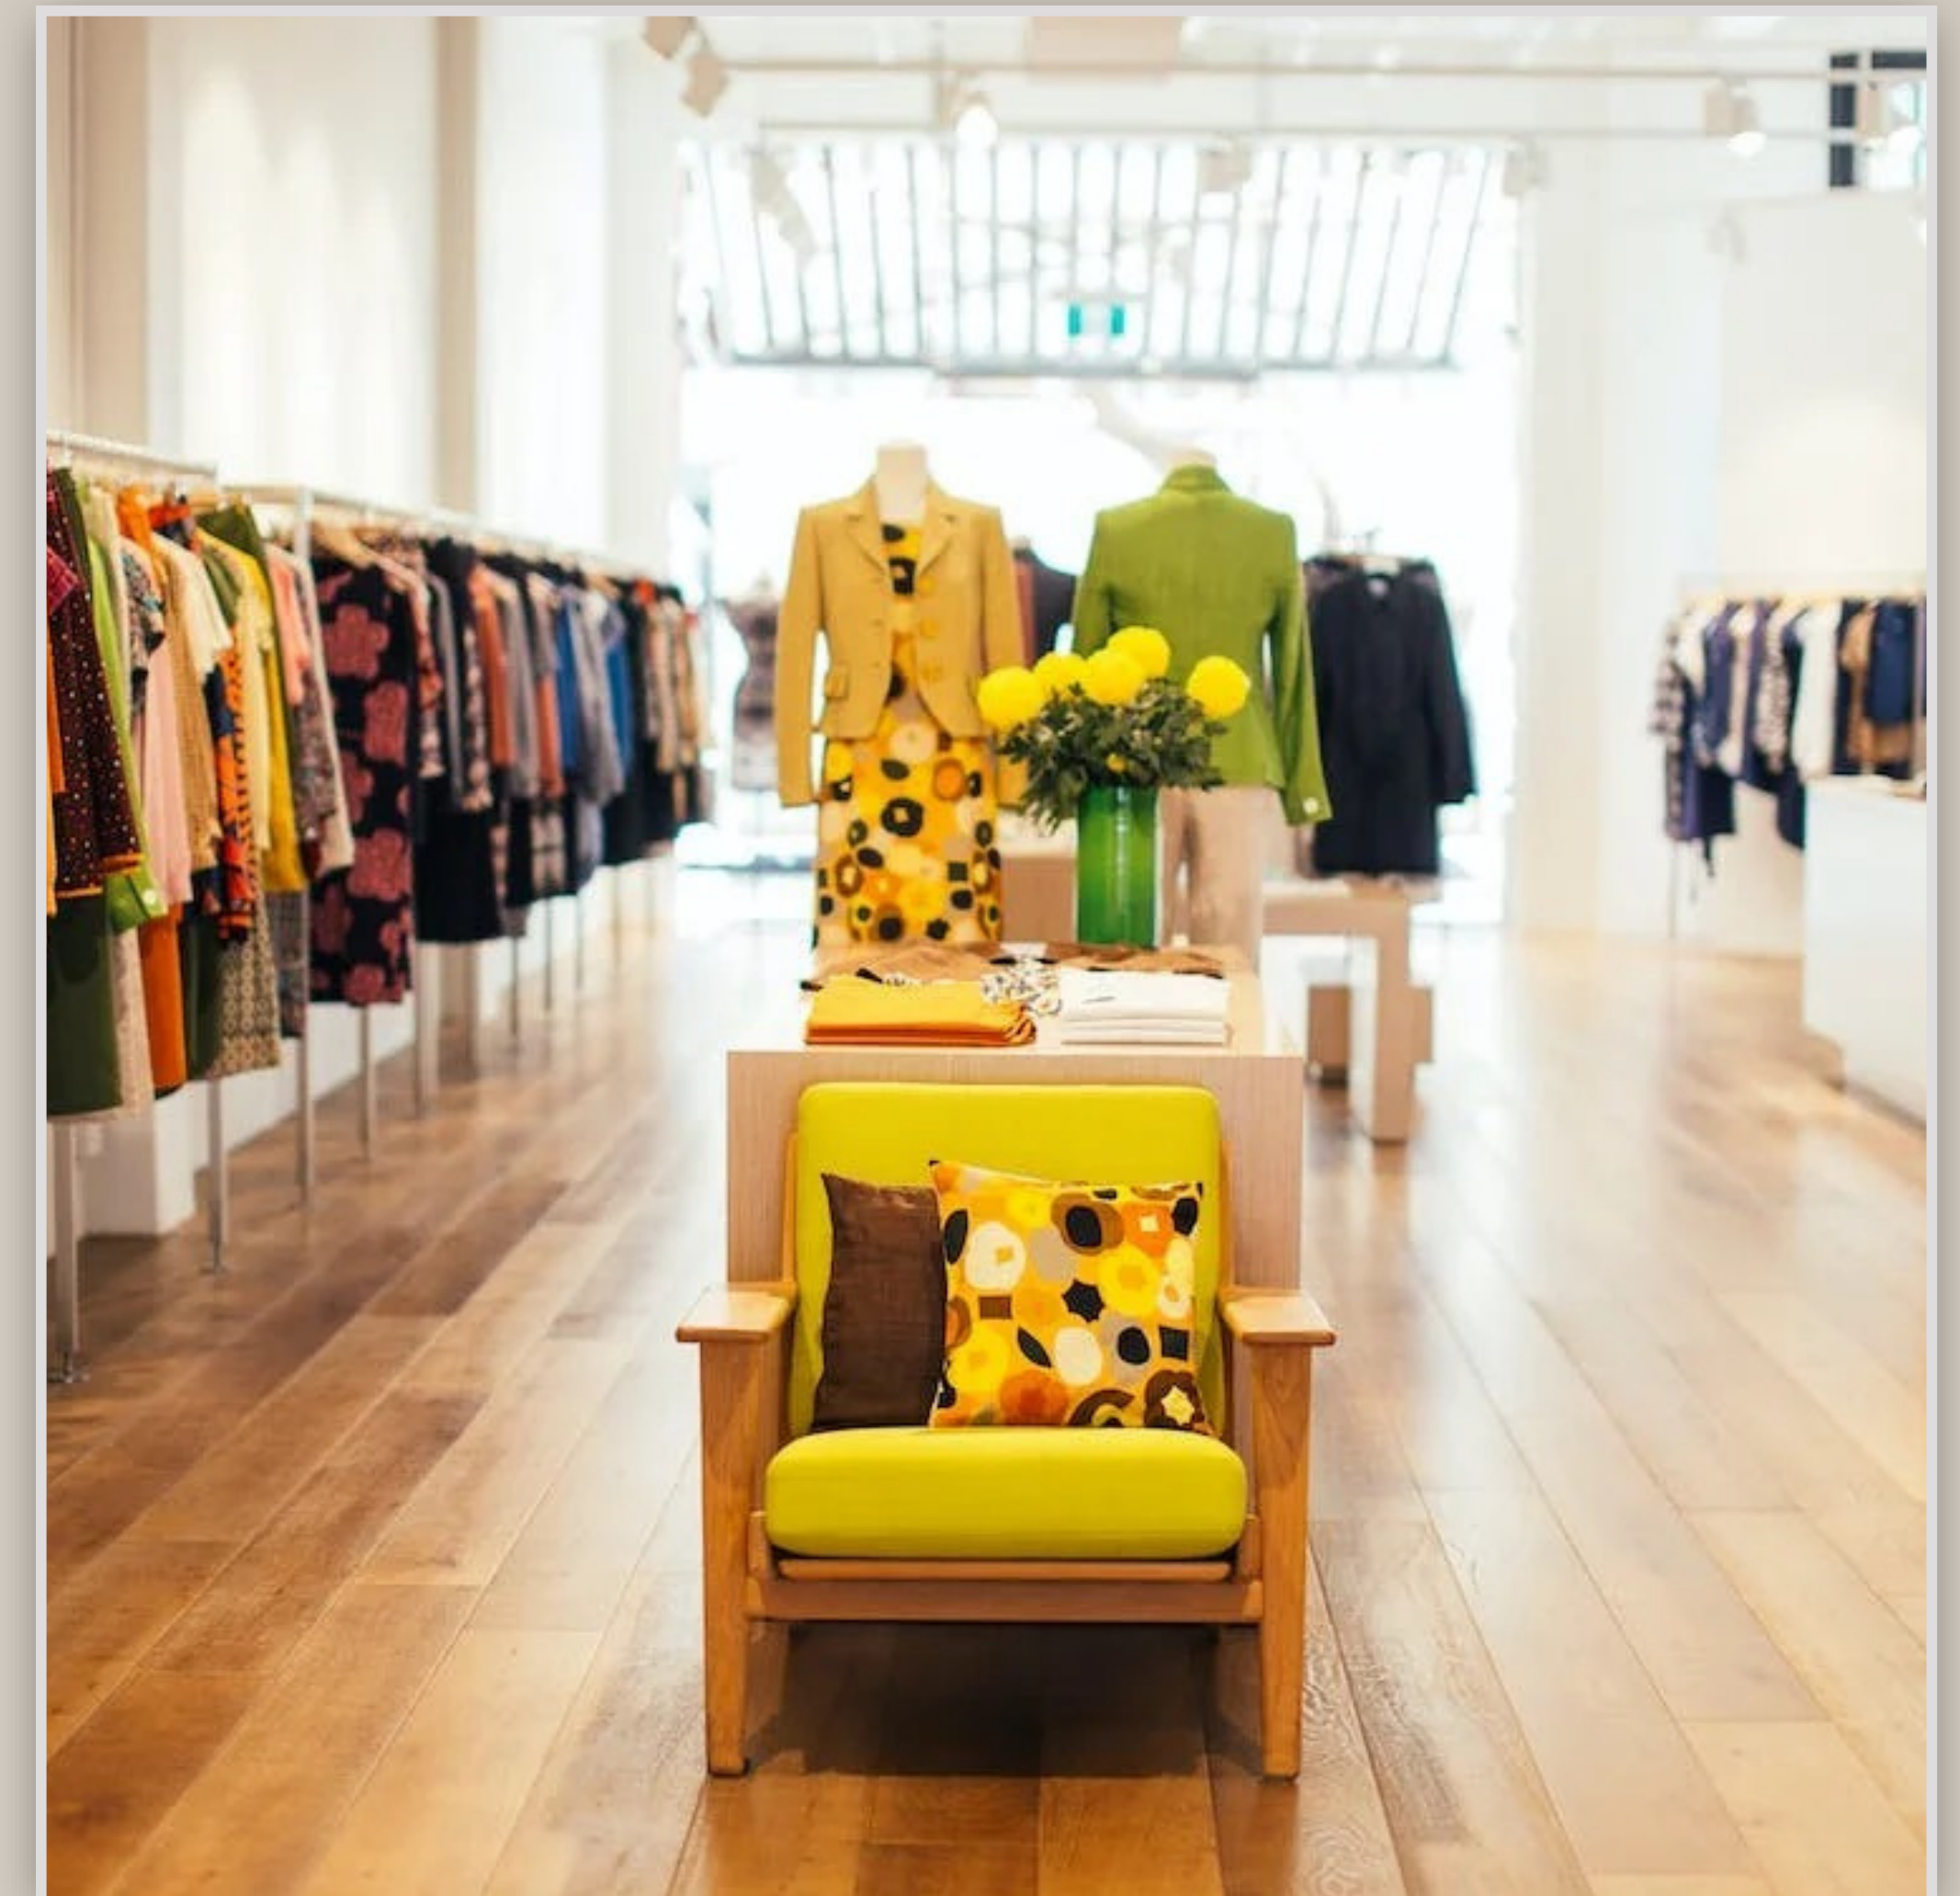

Residential Interior - Residential interior design is the creative, aesthetic, and functional living space. Designer work with the architect to ensure the appropriate division of private versus public space and can also aesthetically divide or unify rooms through colors, texture, and patterns. A residential interior designer needs to focus on concepts for better designing.

# Commercial Complexes & Malls

Commercial Architecture - Commercial property refers to buildings or lands that have the potential to generate a profit from rental income or capital gain. The commercial real estate industry is specific in defining sectors that make this category of buildings. A piece of real estate that is used for business operations and activity constitutes commercial property. Commercial property includes buildings used for commercial purposes, including office buildings, warehouses, retail shops, retail buildings, shopping malls, etc.

## Commercial Interior

Commercial interior design plays a central role in the success of any business. Interior designer seeks to increase functionality and elevate style for financial gain. Whether it's a mall or a small business owner, it is up to the commercial interior designer to translate your vision to the client in ways that are practical, profitable, and of course chic. When looking at the interior we can talk about two main things physical space and aesthetics. Physical space enhances the purpose of commercial structure. The design of commercial building based on usability space needs to be useable for both employees and customers to maximize profit.

# Hotels

At Epic Interior, we understand that every hotel has its unique story, and we strive to bring that story to life through our innovative interior work. Our team of talented designers and craftsmen collaborates closely with you to understand your vision. At Epic Interior, we believe that collaboration and communication are the key ingredients to success. We work closely with your team throughout the entire process, from conceptualization to execution, to ensure that our interior work exceeds your expectations. Our transparent and open approach ensures that your vision is brought to life while incorporating our expertise and innovative design solutions.

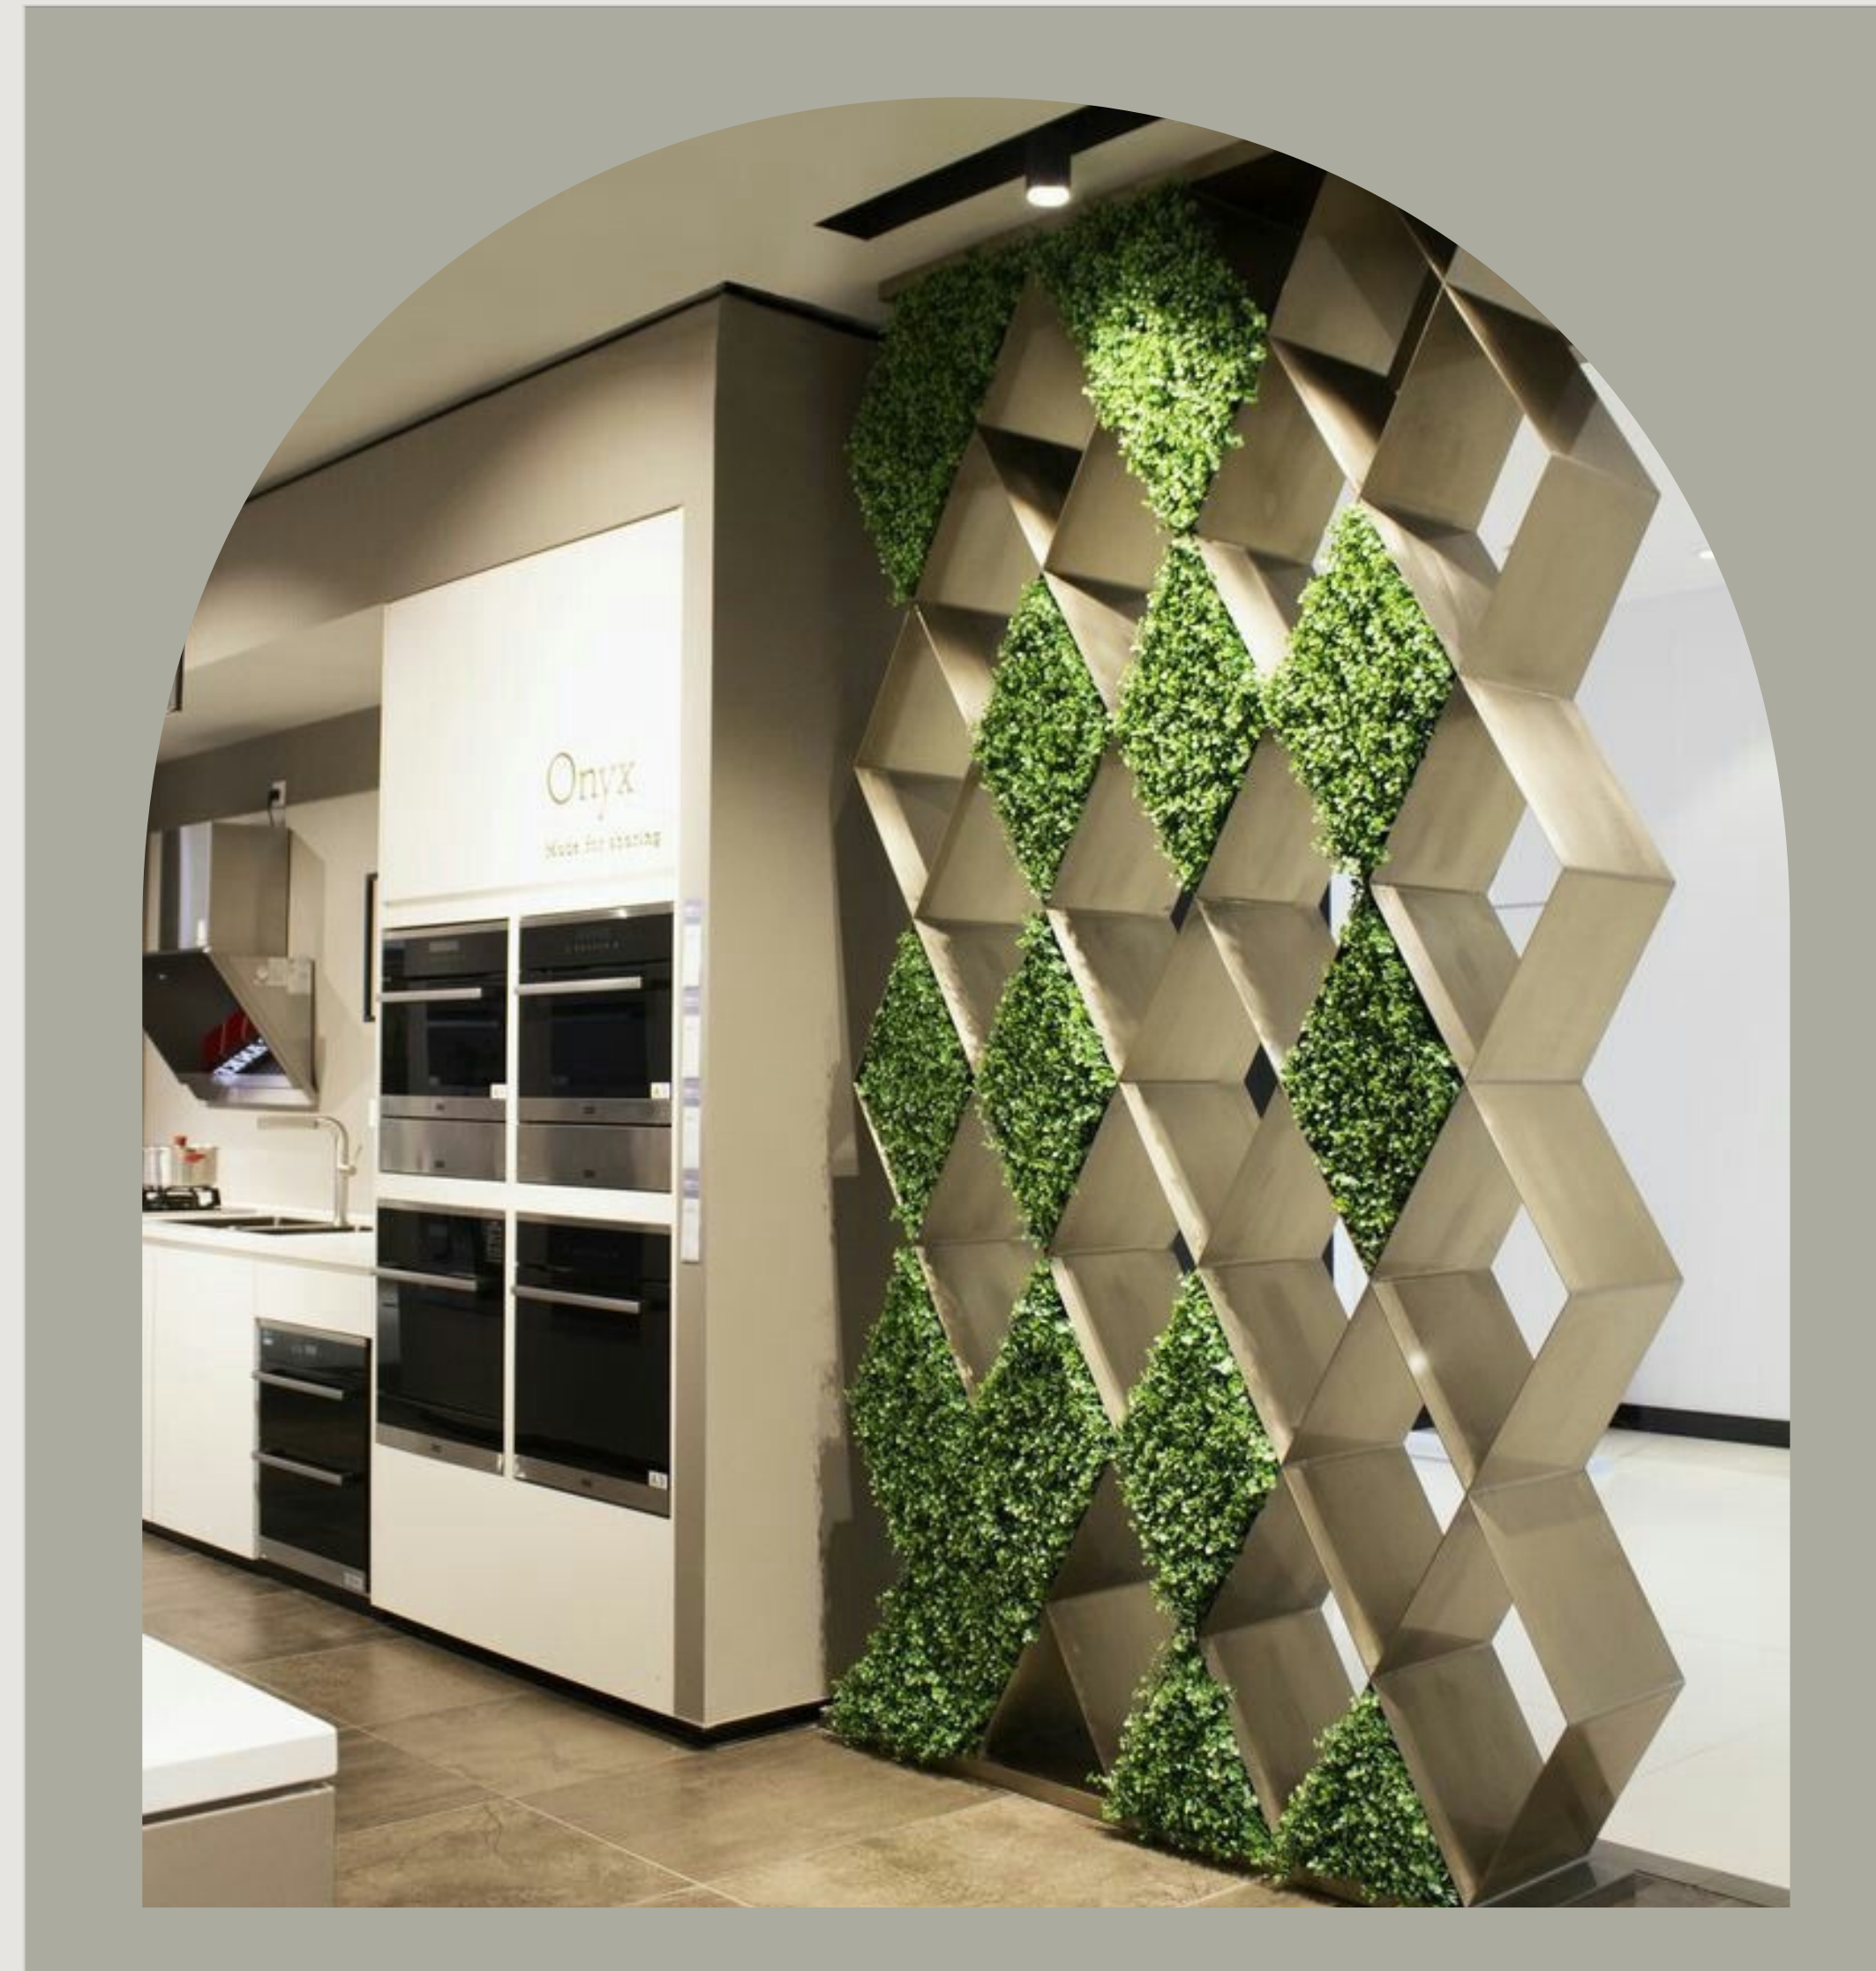

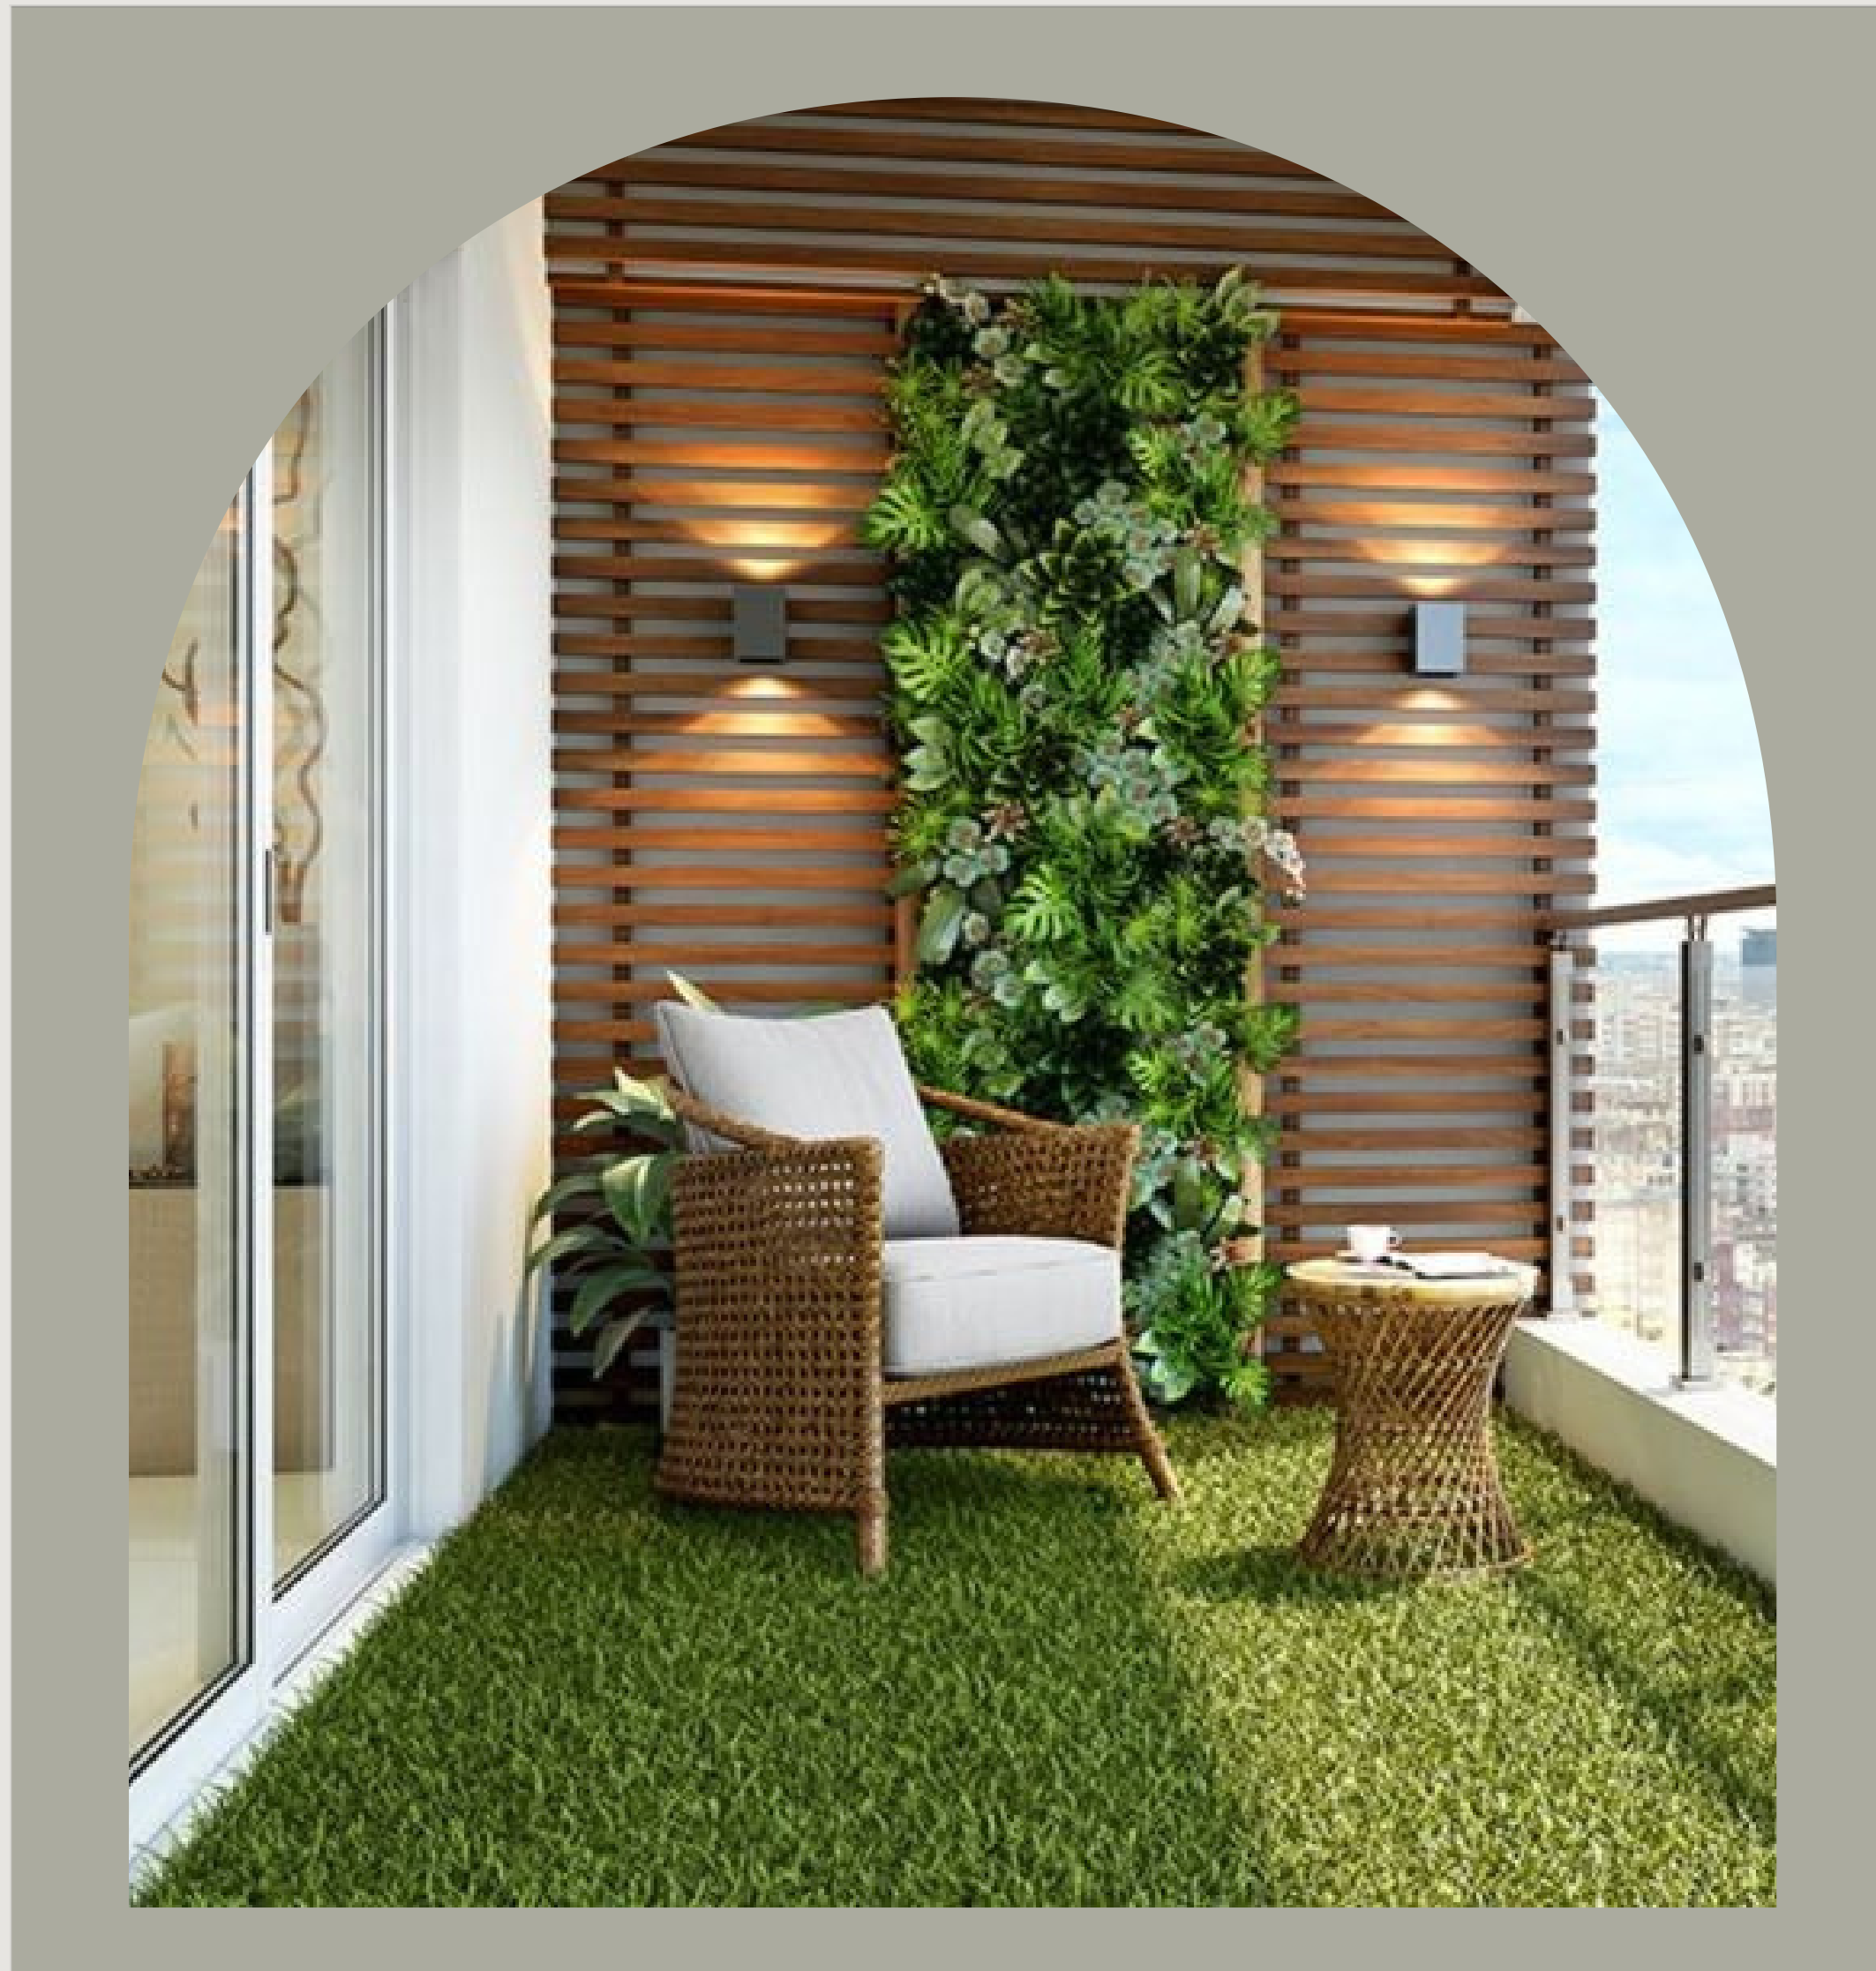

# Hospitals

At Epic Interior, we understand the importance of designing hospital spaces that promote comfort, functionality, and a sense of calm. Our focus extends beyond aesthetics. We integrate smart design solutions that enhance workflow efficiency and promote infection control. From ergonomic furniture choices to seamless integration of technology, we ensure that our interior work optimizes the operational needs of healthcare providers. Let Epic Interior transform your hospital spaces into havens of healing and well-being. Experience the transformative power of our exceptional interior work and create an environment that supports the best possible outcomes for patients and staff.

# Artificial Grass

Artificial grass has become increasingly popular in recent years as households and businesses all across India are realizing the convenience it offers. Better yet, major improvements to the manufacturing process mean the quality of artificial grass we can supply is far superior to what has been seen in the past. It is also much more affordable and offers an easy and good-looking alternative to mowing the lawn every week.
